Your Job, Start to Finish

Same four steps, every single job. This is what a great job looks like.

1

BEFORE YOU GO

- ☐ Open the job — read the FULL checklist
- ☐ Read access details and property notes
- ☐ Phone charged, ringer ON, data working
- ☐ Supplies loaded and ready

2

WHEN YOU ARRIVE

- ☐ Arrive inside your window — late? call first
- ☐ Greet the client, confirm access
- ☐ Ask about pets — have them moved
- ☐ Take BEFORE photos of every area

3

WHILE YOU WORK

- ☐ Work the checklist in order
- ☐ Check items off AS you finish them
- ☐ Finish one area before starting another
- ☐ Ask before moving furniture — put it back

4

BEFORE YOU LEAVE

- ☐ Walk every area one final time
- ☐ Take AFTER photos of every area
- ☐ Report ANY issue — before you leave
- ☐ Mark the job complete in your dashboard

JOB COMPLETE

Photos in. Checklist done. Nothing left for the client to fix.

Show up on time. Work the checklist. Document everything.

That is how you move up a tier and earn more per job.

Unsure about anything? Call the office.

You are never in trouble for asking. Guessing wrong costs far more.
