

SUPPLY CHECKLIST

What You Need to Get Started

As an independent contractor, you provide your own supplies. This checklist is split into two parts: what you need before your first job, and what you can add later for premium services.

ESSENTIAL — Get These Before Your First Job

Cleaning Solutions

- All-purpose cleaner
- Disinfectant spray
- Toilet bowl cleaner
- Glass & mirror cleaner
- Bathroom cleaner (soap scum remover)
- Kitchen degreaser

Tools

- Vacuum with attachments
- Microfiber cloths (10-15)
- Toilet brush
- White scrub pads (non-scratch)
- Spray bottles
- Mop & bucket (or spray mop)
- Scrub brush (tile/grout)
- Cleaning toothbrush
- Duster (microfiber or feather)
- Cleaning tote or caddy

Safety & Personal

- Rubber gloves
- Cleaning apron with pockets
- Non-slip shoes

OPTIONAL — Add Later for Premium Jobs

These are useful for deep cleans, move-in/out, and specialty surfaces.

- Stainless steel cleaner & polish
- Stone cleaner (pH neutral)
- Squeegee
- Step stool (2-step max)
- Separate toilet toothbrush (different color)
- Wood furniture polish
- Oven cleaner (for add-on service)
- Whisk broom
- Mask/respirator (ovens, showers)
- Leather cleaner (rare)

■■ NEVER USE ON NATURAL STONE

Granite, marble, quartz, and travertine are damaged by acidic products.

DO NOT USE: Vinegar, toilet bowl cleaner, CLR, Lime-A-Way, or citrus-based cleaners on these surfaces.

Use pH-neutral stone cleaner only. **When in doubt, ASK before cleaning.**

PRO TIP: Keep your supplies organized in two totes — one for bathrooms ("dirty") and one for the rest of the house ("clean"). This prevents cross-contamination and keeps you efficient.
