03 Price list

How a residential price is built. The booking screen is the price the customer pays. If a live function returns a different total, do not quote. Hand it to a person.

Novara Cleaning LLC. Phone (844) 735-2070. Bookings support@novaracleaning.com. Speak a dollar amount only after a live price function returns it.

Steps, in this order

- Start with the Zone B base for the home-size band and the service.
- Multiply by condition: light x1, typical lived-in x1.25, heavy x1.6.
- Then multiply by zone: A x1.15, B x1, C x0.9. The ZIP picks the zone. Do not pick it yourself.
- Demand pricing is off. Do not add a surge.
- Add flat add-ons and a same-day fee last. Those are never multiplied.
- Deposit is half the total. The rest is due after the clean.
- A saved quote holds for 48 hours. After that, re-quote before you book.
- 5,000 sq ft and up has no published price. Take a message for a custom quote.
- If the ZIP is outside the service area, do not invent a price. Offer the waitlist.

Condition

- light: Well kept, regular upkeep. Multiply by 1.

Hesitant-buyer courtesy

Only after the real price is said, and only when that service total is over $175. Offer $10 first. If they are still hesitating, $15. Never more. The live booking function does not save this courtesy yet, so do not promise it until the payment link shows the reduced total.
